Privacy Collection Notice

The information in this form is being collected by Faculty of Science Research Team at the University of Melbourne. The information you provide is being collected in order to record administrative details of the applicant, and for assessment by the Faculty of Science Research & Industry Committee, chaired by the respective Associate Dean (Research) or equivalent. The information will be used by authorised staff for the purpose for which it was collected, and will be protected against unauthorised access and use. The names of successful applicants and a summary of their projects will be reported to relevant Faculty committees and senior officers.

If you do not provide all of the information requested on this form, your application may be deemed ineligible and removed from consideration by the committees. You may access any personal information you have provided to the University by contacting 13 6352. The University of Melbourne is committed to protecting personal information provided by you in accordance with the Privacy and Data Protection Act 2014 (Vic). All information collected by the University is governed by the University's Privacy Policy. For further information about how the University deals with personal information, please refer to the University's Privacy Policy or contact the University's Privacy Officer at privacy-officer@unimelb.edu.au.

PART A - Administrative Summary

* indicates a required field

A1. Applicant Details

Applicant *

Title	First Name	Last Name
<input type="text"/>	<input type="text"/>	<input type="text"/>

C4. Project Description

Applicants must use the supplied headings and to demonstrate their ability to communicate scientifically and effectively.

1. Aims and significance

Applicants should describe the key aims and significance of the proposed project: eg. What they are aiming to achieve and why it is important in the context of current knowledge and/or translation.

2. Relevance to the area in which it would be located

Applicants may refer to both the relevance of the project within the proposed host department/school and the area of research/ discipline itself

3. Methods

Applications should describe how they plan to complete the project by briefly describing the proposed methodology with a non-expert reader in mind.

4. Expected Outcomes

Applicants should detail any expected outcomes of the proposed project. This may include outcomes that are of benefit to both the scientific and broader community. For example: research outputs (publications, conference papers, patents), ongoing or new collaborations both internally and externally to the University, knowledge gained, application developed.

5. Opportunities for further external funded fellowships or academic employment

Applicants should detail how the proposed project will lead to opportunities for further research grant funding/ fellowships/ academic employment, with specific funding bodies and schemes listed where possible.

6. Reference List

C5. Your case for the Puzey Fellowship

C5.i. Describe how the proposed project will contribute significantly to the advancement of knowledge in one or more areas of University/ Academic Division research priority.

Maximum 300 words

C5.ii. Describe what forms of collaboration within the University the applicant will be seeking to build if awarded the Fellowship. Applicants should list any specific collaborators (i.e. individuals or groups/ organisations) and explain in detail how they would be involved (i.e. what exactly their role would be) in the proposed project.

Maximum 300 words

C5.iii. Provide a profile of your research activities, experience and strengths (relative to opportunity). Include information about your track record and the relationship of this proposal with work in the field generally. This is an opportunity to mention items that might not be mentioned in your CV.

Maximum 300 words

C5.iv. Provide a statement describing your career plan and how this Fellowship will benefit your career.

Maximum 300 words

PART D – Proposed Budget

PART D – Proposed Budget

Budget

Please list all items you are requesting to be funded from the McKenzie Fellowship. Ensure you use correct and appropriate rates for all items.

- Your salary is separate and should not be included in the research budget
- The Puzey Fellowship offers a maximum research funding of \$10,000 per annum.
- List individual budget items including their individual costs.
- Enter the overall cost for that category in the right column
- All costs should be listed in AUD and excluding GST.

Where financial resources other than the fellowship salary are required for the successful execution of the research program exceed those available in the Fellowship budget, co-investment from the host school (up to \$10K pa) is encouraged and will be viewed favourably.

If applicable, please describe how the school co-investment will benefit the project. If successful execution of the project does not require school co-investment, please note this here

PART E – Curriculum Vitae and Research Outputs

E1. Curriculum Vitae and Research Outputs

E1. Curriculum Vitae

Attach a file:

Maximum three pages in final PDF, not including research output list.

- Full details of education, postgraduate training, present and past appointments.
- Seminar/ conference presentations (Details of conferences, indicate if invited talk, selected for oral, or poster presentation).
- Details of awards or prizes (include \$ amounts where applicable).
- Details of any postgraduate and undergraduate teaching and supervision.

E2 Research outputs

Attach a file:

Details of published works organised in the following categories (please do not list works submitted, under review or in preparation):

- Original refereed journal articles (that date of acceptance should be provided for papers not yet published)
- Reviews
- Books, chapters and monographs
- Full published conference proceeding (do not include conference abstracts)
- Patents
- Other publications e.g. popular articles, periodicals, submissions to government reviews, policies
