About the Scholarship

Professor Emeritus Colin Ramm, former dean of the faculty of Science, and his family in 1998 donated to the University the sum of \$25,000 to establish the Muriel Ramm Bursary in Science in memory of his late wife.

The bursary is awarded annually to a student entering an Honours course or postgraduate degree in the faculty of Science who is not expected to receive more funds from the University other than an Honours scholarship which covers a fee-based place. The bursary is awarded to the candidate most likely to benefit academically from it. In determining which candidate is most likely to benefit academically from it, the dean may take into account equity criteria such as financial need or hardship arising from being a member of a minority or disadvantaged group.

Eligibility

To be eligible for this scholarship, you must:

- Be enrolled in the first year of the Master of Science or Bachelor of Science (Honours); and,
- Complete the online [Student Financial Assessment Form](#) by deadline

Selection criteria

Eligible candidates will be ranked based on:

- Financial need determined by the [Student Financial Assessment Form](#); and,
- Potential academic impact of additional support as outlined in personal statement.

Preference will be given to the student most likely to benefit academically

Outcome

All scholarship outcomes will be sent via SmartyGrants.

Please see outcome timing below:

- **Round 1** (Jan-March applications): May-July
- **Round 2** (June-August applications): September-October

Please ensure that you check your email inbox as well as your SPAM/Junk mail as emails may sometimes be directed to these folders.
